Which Wi-Fi network do I connect to?

There are three wireless networks available at the College, with different use cases.

- **CollegeWiFi**
  - Students, Faculty & Staff can connect their personal and work devices to CollegeWiFi.
  - See CollegeWiFi for connection instructions.
- **BACDevicesWiFi**
  - Devices that can't authenticate with a username / password can connect to BACDevicesWiFi with authorization from the Helpdesk.
    (e.g. gaming console, Fire TV / Roku TV, etc.)
  - See BACDevicesWiFi.
- **BACGuestWiFi**
  - Guests on campus can connect to BACDevicesWiFi with the password `RedLions2026`
  - This devices on BACGuestWiFi cannot communicate with devices on the network for security.
    (e.g. printers, computers, etc.)
  - See BACGuestWiFi.
