

# Which Wi-Fi Network do I Connect To?

If you're confused about which network to connect to, the basic differentiation is below.

- **CollegeWiFi**
  - Students, Faculty & Staff can connect their personal and work devices to CollegeWiFi.
  - See [CollegeWiFi](#) for connection instructions.
- **BACDevicesWiFi**
  - Devices that can't authenticate with a username / password can connect to BACDevicesWiFi with authorization from the Helpdesk.  
(e.g. gaming console, Fire TV / Roku TV, etc.)
  - See [BACDevicesWiFi](#).
- **BACGuestWiFi**
  - Guests on campus can connect to BACDevicesWiFi with the password `RedLions2026`
  - This devices on BACGuestWiFi cannot communicate with devices on the network for security.  
(e.g. printers, computers, etc.)
  - See [BACGuestWiFi](#).
