

# PaperCut

Papercut Print Deploy allows you to use the FindMe virtual printer. This page contains instructions on how to set up FindMe on Windows and MacOS.

## Windows

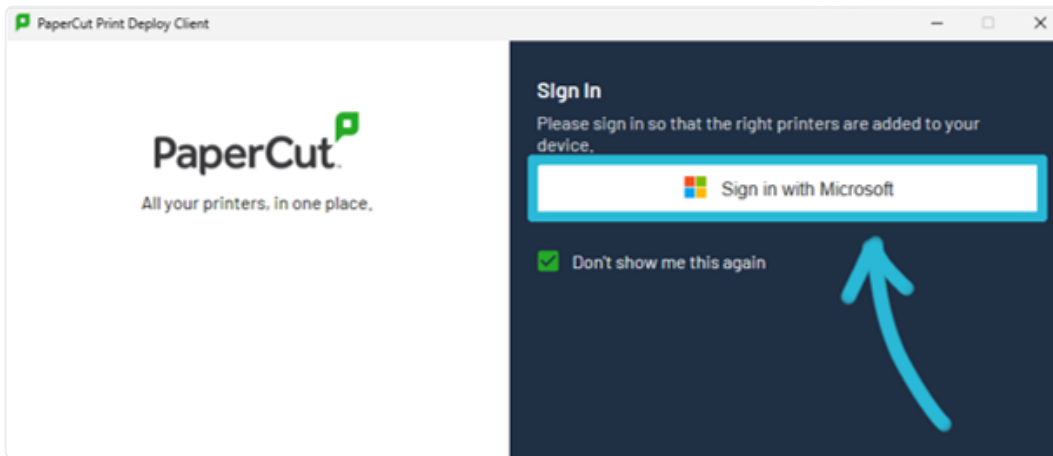

1. Go to [bit.ly/bacwinprint](https://bit.ly/bacwinprint) in your browser.
  - a. This will automatically begin downloading the installer.
2. Click on the installer from your download history to open it.

3. Once it opens, follow the prompts to install Print Deploy.

Make sure to authenticate with any prompts that appear during installation and allow the program to make changes to your PC when prompted.

4. After it finishes installing, a click **Sign in with Microsoft** in the pop-up box.

5. After you've signed in with your Microsoft 365 account, Print Deploy should look like this.

- a. Ensure that FindMe says **Installed** on the righthand side.

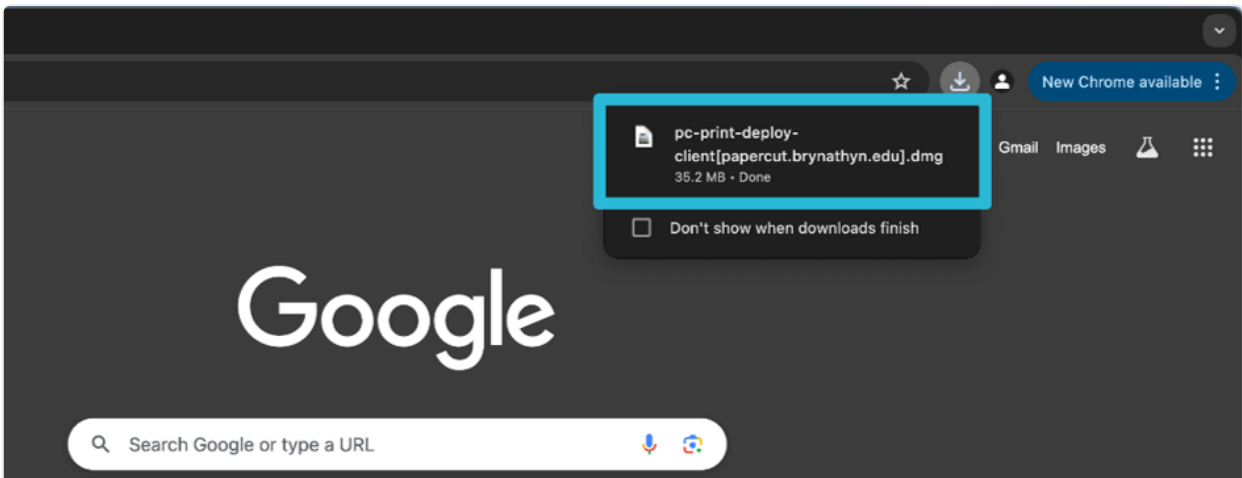

You can now close the window and Print Deploy will run in the background.

6. When printing a document, select **FindMe** and print to it. You can then go to one of the campus copiers and release the print.
  - a. If you have your Bryn Athyn College ID card, scan it to release the print.
  - b. If you don't have your ID card, you can use the pin found on the PaperCut dashboard and enter that manually at the

printer.

## MacOS
